

Welcome to your picture perfect garden wedding!

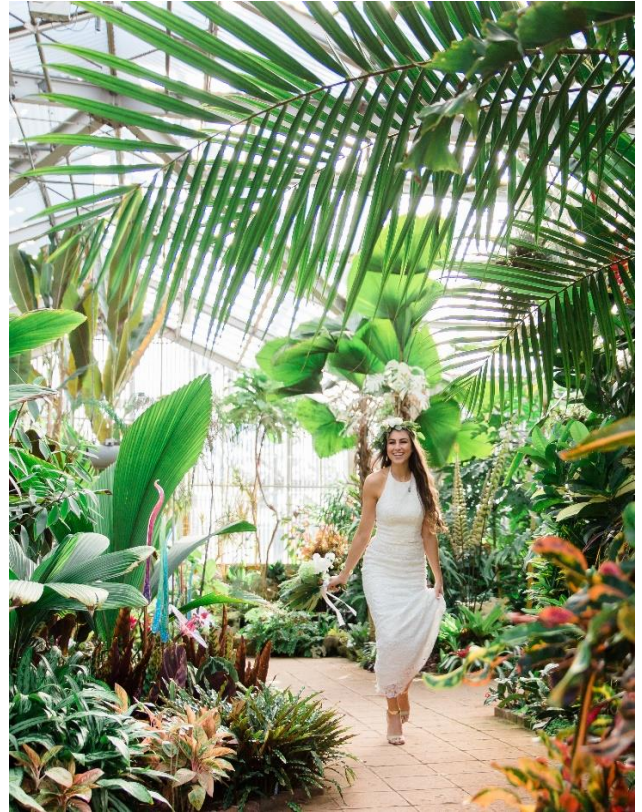

Say “I do!” at Sherman Gardens, a 2.2 acre botanic wonderland surrounded by Early California architecture nestled in the heart of Corona del Mar, California.

Wide brick walkways wind throughout the grounds with bubbling tile fountains and flower beds abundant with seasonal color.

Walk down the aisle in the enchanting Tea Garden with hanging baskets radiating seasonal color, or tie the knot underneath the 81-year old California pepper tree.

The Tropical Conservatory housing bromeliads, orchids, ferns and a koi pond is a beautiful backdrop for photos.

Exclusive private use of the entire Gardens lets you create the wedding of your dreams!
